Dear Sir,

Re: Research Possibilities

I am in receipt of your communication regarding research possibilities. I understand from your letter that you would like to conduct research on the coconut crab. I am aware that there is a population of coconut crabs on Mpunguti Island in the Kisite/Mpunguti Marine Protected area. You will need to consult with the Kenya Wildlife Service before commencing any research in this MPA. Unfortunately I was not able to ascertain exactly what research you intend to undertake because the subjects you listed are very broad.

I will be in better position to advise you after further discussions. I am available from July 26th to 6th August call on 0733621375 to confirm an appointment

Regards

RE: USE OF KMFRI LIBRARY FACILITIES

Reference is made to your letter dated April 13, 2004.

Pending the submission of a letter of introduction from the East Africa Wildlife Society you are allowed to access the relevant literature within our library for a period of one month.

In order to evaluate your request for an honorary research position, we would appreciate if you could furnish us with your detailed Curriculum Vitae (CV) including any other necessary supporting documents.
