11/18/2019

North Carolina Department of Commerce  
Division of Employment Security  
Unemployment Insurance

Dear Sir or Madame,

I have recieved the hearing packet per US postal service and reviewed the content therein.

I do not wish to call any witness and verify my phone numer as (407)408-3009.

Due to the defamatory allegation of intentional damage made by the former employer I will be providing a written statement in a seperate letter for the diciplinary form sent with the hearing information.

At this time I would like to allege that Boyd Honda et al. did

1. engage in misleading advertising regarding open positions at th time of my hiring.
2. hire me under the explicit implication that I would be hired as a Honda Motors Technician.
3. give me a much lower position than that which had been promised to me at the time of hiring. Said position being a Lube Technician instead of full technician. clear bait and switch tactic. **Fact: another employee hired at the same time as I left Boyd Honda approx. three weeks after our mutual start date for this exact reason.**
4. **NOT** address the need for reprimand of certain employes regarding use of harassing language in the workplace.
5. alter and misrepresent diciplinary forms to fit the situation in favor of Boyd Honda without including exculpatory and or explanatory information to my defense.

Furthermore as of 11/15/2019, I am gainfully employed at a full time position and shall not require the request for further weeks of benefits. The previous weeks, for which I have filed a claim, I still seek and therefore prepare for the hearing set on December 11th, 2019.

Sincerely,

Mr. Michael Thomas Harbuck
