I have a 2008 Husqvarna 450 supermoto I'm parting out or willing to sell complete bike for 2200 obo with title in hand...

this bike has all the goodies and after market crap you would want the only hitch is the motor spun a bearing and I cant get parts for the 450 anymore...

so if you want a project or parts for your own 450 this is for you

text matt @ [show contact info](#) if interested

I don't want no trades of people offering crap

excel talon super moto wheels with brembo brakes are sold

up-tite full exhaust 200 obo

marzocchi forks 200 obo

sachs rear coil over 200 obo

stock husky wheels as set 350 obo

and tons more too much to list
