Guten Morgen Michael Thomas,

I called you when I got your text this morn, but phone said "not reachable". I appreciate your kind words, you turned out sorta sweet afterall.

Working today noon - Close, which is around 10:30 - 11ish...Looking forward to tomorrow night, can't make any promises about lights with no electricity or water in the old house!!  
Got any candles?

Bethany

ah ha, I thought you were mad. What sweet words? I am nice all the time, unless I have to brath in exhahust for mutiple hours of the day, and or work with drunks who do not work at all. I do have a nice flash light... Maybe the moon will shine in one of the windows just right.

Have fun at work. I am looking forward to the moonlight rendez-vous.....

EAT.

I will but more minuites today.

The cops checked me out while I was reading this morning... they were nice, as they can be I guess.... the left me alone anyway. It is nice to have a friend of the family who is a captain with them, that is for sure.

Adress noted, and I have burned the directions into my brain. hoffner south to 532, then west, or right turn, to Florida av. Easy.

I turned out way better than I get credit for.

see you later,

Michael
